

# TECHNO GROUP

MANUFACTURERS OF HIGH PRECISION  
MACHINED COMPONENTS

## **Company Product Safety Policy**

The Techno Group and its' subsidiaries, Technoset Ltd and Technoturn Ltd, are manufacturers of ultra-precision, machined components and assemblies to Industries including aerospace; these include the manufacture of critical products that people's lives could depend on.

The principles that govern our approach to Product Safety are;

### **Leadership, commitment and accountability.**

- ❖ Our leaders champion product safety and priorities it so that safety-related tasks get the right attention, time and resources. We make accountability for product safety clear and ensure people understand what they are accountable for.

### **Level of product safety.**

- ❖ We manufacture product to achieve a high level of safety consistent with their application, always ensuring that we meet or better the relevant company, legal, regulatory and industry requirements. We assess what could go wrong and put controls in place to meet the required safety levels and reduce the safety risks so far as is reasonably practicable.

### **Maintaining and improving product safety.**

- ❖ We are committed to the continuous improvement of product safety and actively engage in setting industry standards and good practice. We measure our performance and rigorously investigate and resolve safety related issues, systematically embedding the learning from these back into our practices and processes. Everyone is encouraged to report any product safety concerns.

### **Conforming product.**

- ❖ Robust quality is an essential building block of product safety and by following our processes we ensure that our products and those of our suppliers conform to their specification.

### **Safety awareness and competence.**

- ❖ Everyone who works for the Techno Group and its' subsidiaries shares responsibility for product safety and we have to be mindful of the safety implications of our actions. Training is provided so that our people understand the Product Safety Policy and processes and can fulfil their collective and personal responsibility.
